

CUPRINS

ANDRONE DELIA ANNE-MARIE - <i>Geothermometrical considerations on the Conșu-Negovanu pegmatites (Lotru-Cibin Mts.)</i>	5
APOSTOAE LAVINIU, IANCU OVIDIU GABRIEL, BUZGAR NICOLAE - <i>Preliminary data concerning the contents of heavy metals from the soils of the periurban area of Iasi municipality</i>	15
GAVRILOAIEI DOINA-IULIANA, GAVRILOAIEI TRAIAN - <i>Applications of acid-base titration in determination of surface charge for alumina</i>	33
GAVRILOAIEI TRAIAN, GAVRILOAIEI DOINA-IULIANA - <i>Anionic adsorption in metal oxide-solution systems</i>	43
MURARIU TITUS, RĂILEANU MARICEL, ANECULAESEI CRISTINA - <i>The mobility of copper in the stream sediments of Bistriței Mountains (Eastern Carpathians - Romania)</i>	55
PINTILEI MITICĂ, KASPER HAINO UWE, GANDRABURA EMANOIL IOAN - <i>REEs and other trace elements distribution in the Vința granitic intrusion (Apuseni Mountains, Romania)</i>	63
POPESCU GHEORGHE C., NEACȘU ANTONELA - <i>Relationship between gold and copper metallogenesis in the Metaliferi Mts</i>	71
VIȘAN LIVIA, SANDU ROXANA, IORDACHE VIRGIL, NEAGOE AURORA - <i>Influence of microorganisms community structure on the rate of metals percolation in soil</i>	79
CIRIMPEI CLAUDIA - <i>Coalgenesis, quantitative and qualitative factors in the Comanesti Basin and in the Falticeni area</i>	89
CIRIMPEI CLAUDIA - <i>The lithologic basin coefficients for clays and sandstones in the formations of the Bârlad Depression and the superadjacent foreland basin</i>	101
RADU EMIL, PANAITESCU EMILIAN, DROLL EMIL - <i>Hydrogeological observation well from Harlau, Iasi county – contributions to the knowledge of Sarmatian aquifer from the north part of Moldova</i>	107
STĂNOIU ION - <i>Issues concerning „The Severin Nappe” (Southern Carpathians)</i> ..	119
ȘTEFAN PETRU, MICU RĂZVAN - <i>Contributions to the morphometric and morphoscopic study of Badenian sands from Miorcani area</i>	129
ȚABĂRĂ DANIEL, FLOREA FLORINEL FĂNICĂ - <i>Palaeofloristic study of Volhynian from Pîrteștii de Sus</i>	137
BRÂNZILĂ MIHAI - <i>The VIth National Symposium of The Romanian Society of Palaeontologists</i>	149
